

MoU signed between Engineering Council of India (ECI) & All India Council for Technical Education (Ministry of HRD, Govt. of India) for providing Internship to Engineering & Management students

- **A gigantic step towards making technical graduates employable**

Engineering Council of India (**ECI**), the apex Engineering Body of India & All India Council for Technical Education (**AICTE**), Ministry of Human Resource Development, Govt. of India **have entered into an MoU, for providing “Internship”** to the students in all disciplines of Engineering and Management to enable them to become employable.

AICTE is expected to make the “Internship” component mandatory for graduating engineers & management students, to obtain their degrees.

ECI shall be facilitating hands-on training / internship for these graduates (6 months duration) through its member associations, in their respective stream of engineering. **CIDC, the apex Construction body of India (www.cidc.in), is a founding member of ECI and shall be one of the members arranging these internships for the construction sector.**

The Internship program will be carried out in two parts –

- i) Part 1 will be conducted for 1 month & will involve the short component (approx. 1 hour) of Classroom interactions, followed by 7 hours Practical hands-on work.
- ii) The 5 months, Part 2 of the Internship will be conducted in Industry or related organisations for which member association will tie-up them, where the students will work in real-time operations of their respective fields.

Mentors of the interns shall be “Professional Engineers” registered with ECI/

We invite “**Expression of Interest**” from:

- 1. Institutions/ Training Centres/ Organisations as “Nodal Institutions”**
- 2. Industry** (Companies & other Organisations/ Professionals) in **Manufacturing, Construction, Consultancy, Services etc.** to host the interns.

**Member Secretary,
Engineering Council of India**
