NoDig India Conference 2022 (NDIC 2022)

Trenchless applications are the most important engineering input for the successful development and maintenance of the lifelines of urban areas, the subsurface utility networks. Globally the technology is growing at a fast pace with developments of newer working methods or refinements in the existing ones. In addition to methodologies, several newer and advanced equipment/components or products also contribute to this all around growth. For a better absorption of newer developments, it is essential that information about such new developments must be available with the subsurface construction industry stakeholders. They also must have opportunities for networking with such developers so that the gains could for Indian subsurface construction industry could be maximised. To achieve these objectives, the Indian Society for Trenchless Technology (IndSTT), the national apex organisation of trenchless technology, takes several initiatives ranging from organising conferences, exhibitions, training programs and demonstrations.

For capacity creation in the backdrop of ongoing Covid Pandemic, IndSTT is pleased to announce the NoDig India Conference 2022 on 8th April, 2022 at India Habitat Centre, Lodhi Road, New Delhi. It is going to be a day-long International Conference and Displays.

Conference Objectives

Main objectives of NDIC&D 2022 include following:

- Assist Industry stakeholders to identify & quantify trenchless work opportunities available;
- Assist Industry stakeholders to identify the latest of the frontier trenchless methods and equipment and their sources and enhance the networking with such sources;
- Assist Industry stakeholders to identify bulk materials and equipment suppliers and help to, enhance the networking with such suppliers;
- Assist Industry stakeholders to enhance the knowledge about execution and operational processes of latest working trenchless methods;
- Assist Industry stakeholders to cultivate professional manpower capable to deliver on the opportunities available; and
- Assist Industry stakeholders to create the network of trenchless service providers with the project execution agencies for a better service delivery and product development.

Conference Topics

Broadly conference shall cover topics concerning

- ✧ Challenges for Last Mile Connectivity for projects like Har Ghar Jal, City Gas Distribution, Swachh Bharat Mission, Smart Cities etc.
- ✧ Importance of human resource training and skill certification
- ✧ Trenchless risk mitigation for sustainable underground utility infrastructure development and to avoid time-cost overrun
- ✧ Pipeline condition assessment and its rehabilitation
- ✧ Subsurface utility mapping & As Built Drawing
- ✧ Underground Asset Management Program (GIS)
- ✧ Sensitization on "Schedule of Rate" for Trenchless Technology
- ✧ Round tables for creating Working Group on Rate analysis
 - a) HDD
 - b) Micro tunneling
 - c) Subsurface utility mapping and;
 - d) Rehabilitation

The conference proposes to highlight rehabilitation of water supply network rehabilitation techniques in tune with the on going missions involving Har Ghar Jal over rural and urban areas to retrofit/renovate the networks ensuring improvements in service levels pertaining to quantity and pressures. IndSTT invites contributions on case studies and concepts in this direction.

Displays

Event shall provide opportunities for poster displays of various sizes and locations at the conference venue. Prior booking of stands and locations would be essential.

CPD Credit Hours

Full conference participation would enable the participants to earn 16 CPD Credit Hours.

PARTICIPATION PACKAGE

DISPLAY

	NATIONAL	INTERNATIONAL
INDSTT Member	Rs. 900* / sqft	USD 20* / sqft
Non Member	Rs. 1000* / sqft	USD 25* / sqft

CONFERENCE

	NATIONAL	INTERNATIONAL
INDSTT Member	Rs. 4,000*	US\$ 300*
Non-Member	Rs. 6,000*	US\$ 350*
Student	Rs. 2,500*	US\$ 250*

PARTNERSHIP OPPORTUNITIES

Principal Partner	Rs. 2 Lakhs* / US\$ 4,000*
Main Partner	Rs. 1 Lakhs* / US\$ 2,000*
Associate Partner	Rs. 50 Thousand* / US\$ 1,000*

*18% GST extra
