# THE NO DIG INDIA SHOW 2024

*"Building Sustainable and Resilient Urban Infrastructure through Advanced Trenchless Technology"*

As urban India continues to expand, the integrity and efficiency of subsurface utility networks are paramount. This year, the No-Dig India Show, hosted by the **Indian Society for Trenchless Technology**, emphasizes the urgent need for adopting trenchless rehabilitation methods with a high priority and installations with a moderate priority. This approach ensures minimal disruption to the urban environment while enhancing the longevity and reliability of the infrastructure.

Our focus this year is on trenchless rehabilitation methods. Cities across India face challenges with aging infrastructure that demands not only maintenance but proactive upgrading to prevent failures. Trenchless technology offers a sustainable solution, allowing for the rehabilitation of water, sewer, and gas lines without the extensive excavation that disrupts daily life and impacts the environment.

While rehabilitation takes precedence, the importance of new installations remains significant. We will explore moderate-priority advancements in trenchless installations that promise quicker, cleaner, and more cost-effective utility deployment across urban landscapes.

This year's conference will also host the prestigious IndSTT Trenchless Excellence Awards, recognizing outstanding contributions to the trenchless technology field. Through a conglomeration of industry leaders, we aim to showcase products, technologies, and best practices that will drive forward not only the Indian trenchless industry but also global standards in subsurface utility management.

IndSTT invites global subsurface pipeline **industry experts, technology providers** and Indian Subcontinent utility owners to join us for the show to **BUILD THE SUSTAINABLE FUTURE**.

## CONFERENCE

### Discussion Topics

- ✦ Emerging Technologies & New Concepts in Trenchless and Subsurface Constructions. Equipment and Techniques, Methods & Materials
- ✦ Trenchless Contractual Conditions
- ✦ Human resource training and skill certification
- ✦ Challenges for Last Mile Connectivity for projects like Har Ghar Jal, City Gas Distribution, Swachh Bharat Mission, Smart Cities etc.
- ✦ Pipeline condition assessment and its rehabilitation
- ✦ Trenchless risk mitigation for sustainable underground utility infrastructure development and to avoid time-cost overrun.
- ✦ Underground Asset Management & Subsurface utility mapping & As Built Drawing
- ✦ Deliberations on Working Group recommendations over Trenchless Costing and Trenchless Skilling.
- ✦ Smart & Sustainable Cities Utility Network
- ✦ Rehabilitation & Replacement of Aging Subsurface Utility Network
- ✦ Drilling Fluids
- ✦ Waste Management & Mud Recycling

### CPD Credit Hours

The show is approved by Engineering Council of India (ECI) for award of 32 Continued Professional Development Hours, to the registered event delegates who participate in complete event duration.

### Certification

Upon successful participation & clearing the test, the participant would be awarded two certifications, CPD Hour Credit certificates & IndSTT trade Skill Certificate on TTO 1.1

### Register Now

For registration and further details, please visit <https://www.nodigindia.com>

## TRENCHLESS EXCELLENCE AWARDS 2024

INDSTT Trenchless Excellence Awards (ITEA) are meant to motivate individuals' and organizations' contribution in subsurface construction domain and to promote replicable best practices in the Indian trenchless industry. INDSTT has initiated these awards which recognize and honor the valuable contributions and work of Indian Trenchless Fraternity that has significantly enriched the subsurface construction domain and has helped bring about a change in our construction practices.

In continuation of our tradition to honor the achievers of the trenchless industry fraternity, we have instituted the INDSTT Trenchless Excellence Awards which reflect the true spirit of creation and recognition of excellence in the way we practice our profession.

INDSTT recognizes the role of a national award for motivation and improved performance of operators, engineers & institutions and has conceived the INDSTT Trenchless Excellence Awards (ITEA) as an award of Excellence in the following categories:

- Achievement Award for Trenchless Project Design
- Achievement Award for Project Innovation
- Achievement Award for Project Management
- Achievement Award for Creating Social Development & Impact
- Achievement Award for Health, Safety and Environment
- Achievement Award for Best Project
- Achievement Award for Best Driller of the year
- Achievement Award for Best Tunneler of the year
- Achievement Award for Best Public / Private Officer of the year
- Achievement Award for Industry Doyen
- Achievement Award for Academician/Technology/Technologist/Scientist
- Achievement Award for Best Professionally Managed Company

IndSTT Trenchless Excellence Awards shall be accorded on the recommendations of the ITEA Jury comprising of senior professionals who have served the Subsurface Construction Industry. Such jury shall be independent of IndSTT and provide its recommendations for the awards.

ITE Awards shall be decided & recommended by the Jury based on a detailed evaluation process starting with the applications from the interested applicants, followed by a due deliberation of the submittals and personal interviews/site inspection visits.

Site visit shall be undertaken by Jury members/INDSTT Team to interact with management/individual and other stakeholders to ascertain the award category guidelines. All expenses for arrangements towards travel, boarding & lodging for the site visit/interactions will be borne by the applicant/comapny/organisation/firm.

Last date of submitting nomination is 14th August 2024.

# VISITOR PROFILE

- ✘ Mayors
- ✘ Municipal Commissioners and City Managers
- ✘ Consultants to Municipal Corporations
- ✘ Military Engineering Services
- ✘ Public Works Departments
- ✘ Public Health Engineering Departmen
- ✘ Telecommunications and IT Industry
- ✘ Drilling Tools Traders & Exporters
- ✘ Municipal and Government Contractors and Suppliers
- ✘ Smart Cities Consultants
- ✘ Municipal Water Authorities
- ✘ Water and Waste Water Consultants and Experts
- ✘ Technology Providers and Vendors
- ✘ Town Planners and Engineers
- ✘ Construction and Infrastructure Developers
- ✘ Buried pipeline condition assessor
- ✘ Development Banks and Financial Institutions
- ✘ Utility Surveyors
- ✘ Pipeline Installation Contractors & Engineering Organization
- ✘ Highway, railway, river and cross country pipeline contractors & engineers
- ✘ Engineering Students & Faculties
- ✘ Media/Press

# EXHIBIT AT NDIS2024

Unlock new opportunities, identify new markets and join the world's leading organisations in helping the industry to navigate the complexities of a new emerging India.

Year-on-year, No Dig India Show (NDIS) delivers real business opportunities. By sponsoring and exhibiting in 2024, your company will benefit from opportunities for an excellent return on investment and gain direct access to regional buyers and decision-makers seeking strategies, products and technologies to tackle the challenges they face.

NDIS provides the biggest opportunity in 2024 to position your company as an industry thought leader and key market player in front of policy makers, business leaders, disruptors and innovators.

Put your latest products, services and innovations in front of key decision makers. NDIS's exhibition will enable buyers and sellers to showcase and source new products, solutions and technologies, strengthen and build relationships and do business across the full gas, water, sewer, communication, and electricity industry value chain.

## EVENT COVERAGE

- ✘ Horizontal Directional Drilling machine, accessories & tools
- ✘ Microtunneling, Pipe Jacking & TBM
- ✘ Drilling Fluids, Waste Management & Mud Recycling System
- ✘ Drilling & Cutting Tools
- ✘ Horizontal Directional Drilling Locating & Tracking Tools
- ✘ Glass & Fiber Reinforced Pipe, Liner, Resin, HDPE & Interplastic
- ✘ Buried Utility Survey, Mapping & Inspection Tools Manufacturers
- ✘ Pipeline Installation Contractors & Engineering Organization
- ✘ Highway, railway, river and cross country pipeline contractors & engineers
- ✘ Smart Cities Institutions, Municipal Corporations & ULB's
- ✘ Financial Institutions

# PARTICIPATION PACKAGE

## EXHIBITION

INDSTT Member	Rs. 12,000* / sqm	USD 400* / sqm
Non Member	Rs. 15,000* / sqm	USD 450* / sqm

## CONFERENCE

INDSTT Member	Rs. 6000*	US\$ 400*
Non-Member	Rs. 10,000*	US\$ 500*
Student	Rs. 2,500*	US\$ 250*

# PARTNERSHIP OPPORTUNITIES

Partner Country	US\$ 50,000*
Principal Partner	Rs. 12 Lakhs* / US\$ 16,000*
Main Partner	Rs. 8 Lakhs* / US\$ 12,000*
Associate Partner	Rs. 5 Lakhs* / US\$ 8,000*
Partner City	Rs. 5 Lakhs*
Partner Network	Rs. 5 Lakhs*
Partner	Rs. 3 Lakhs* / US\$ 5,000*

120 SQM Area, 40 Complimentary Delegate, Presentation Slot etc.
27 SQM Area, 25 Complimentary Delegate, Presentation Slot etc.
18 SQM Area, 15 Complimentary Delegate, Presentation Slot etc.
9 SQM Area, 10 Complimentary Delegate, Presentation Slot etc.
9 SQM Area, 10 Complimentary Delegate, Presentation Slot etc.
9 SQM Area, 10 Complimentary Delegate, Presentation Slot etc.
9 SQM Area, 02 Complimentary Delegate, Presentation Slot etc.
